

# Give your patients a plan to quit

## Refer them to the Illinois Tobacco Quitline

Patients who receive advice from a health care provider are more likely to succeed in quitting tobacco. The entire service is free for both you and your patient.

**Here's how to enroll:**

### Direct web referral

Submit referrals securely and electronically with the Illinois Tobacco Quitline's automated referral form.

**Note:** This option requires IT support from your organization and ours.

**Scan to learn more about referring a patient.**
